

*Adding value to
your formulations*

Synthetic Oils and Lubricants of Texas (SOLTEX) is a Houston-based company specializing in the manufacture and marketing of synthetic fluids. Our technical and marketing staff has extensive experience meeting the dielectric fluid requirements for numerous utility companies, either directly or indirectly through the cable companies. Included is a partial list of the utility companies that have utilized our line of high-quality Dielectric Fluids. These dielectric fluids are supplied in tank truck, rail cars, drums and small containers as required.
