

NEWS AND EVENTS

Soltex is pleased to announce that Patty Heath has joined our purchasing department.

Patty is a great addition to the team, bringing many years of experience in the petrochemical industry. She will be assisting with material procurement and material planning. Please join us in welcoming Patty to Soltex and wishing her much success in her new position. Her email address is PHeath@Soltexinc.com.

Soltex recently received a letter and certificate of recognition from The Myositis Association honoring our company for our work in fundraising and awareness to help combat myositis, a debilitating disease that affects people all around the globe. We are proud to support this cause and will host the annual golf outing to be held in Houston on June 7th. Please hold the date! For more info, or to find out how you can help, please visit The Myositis Association's website at: www.myositis.org.

PRODUCT SPOTLIGHT

One of Soltex's strengths is our ability to address our customers' individual technical needs by catering to them with application specific products. None of our products showcases this tailoring better than our proprietary ThixoCal™ gelled calcium sulfonate line.

This corrosion inhibitor is used worldwide and exhibits excellent results in the harshest environments. Some potential uses of ThixoCal™ include greases, vehicle frame and inner panel coatings, structural coatings, metal working and rheology modification. ThixoCal™ products are available in solvent, oil, and water systems for use in your specific application.

For more information on how ThixoCal™ can work for you, please see the attached brochure, contact Julie Kimes at JKimes@Soltexinc.com, or visit our website at www.Soltexinc.com.

DEPARTMENT FOCUS

This edition's department focus highlights Dottie Brewer and Christine Thomas from our Credit and Accounts Receivable team. Dottie and Christine are available to assist with any questions you may have with invoicing or credit. Dottie is in charge of invoicing, and is more than happy to provide information or answer questions you may have. Invoices are normally mailed, but can also be emailed if you prefer. Christine is in charge of credit and new account setup. If you need information on your Soltex account's standing, or to set up a new account, Christine will be happy to assist. They can be reached by phone or via e-mail at DBrewer@Soltexinc.com and CThomas@Soltexinc.com.

PARTNERS IN TRADE

Chemtech Labs has been a close partner of Soltex for many years. The company is responsible for the analysis and submission of our certificates of analysis and pride themselves on the accuracy of those results. Chemtech also provides sampling and tracking services for Soltex to assist in new product development with our customers. For more information on the valuable services Chemtech Labs offers, please contact them at info@Chemtechlabs.net, call at 281-359-1215, or go to www.Chemtechlabs.com

Did you know that Soltex employs a 24 hour answering service to take care of all your after-hours needs? Westpark Communications handles all of Soltex's after hours calls and emergencies. If you should need assistance outside of normal business hours, simply call our toll free number (1-800-275-8580) and our answering service will forward your call to the appropriate employee.
